Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Discussed the inventorship - Matthews has been added as an inventor to the Application, due to the inclusion of method claims in the Application - Examiner to check to determine the necessary paperwork for allowing Matthews to be included as inventor. Applicant's to file a new terminal disclaimer for including the 5,683,074 patent. Discussed the recapture issue - Applicant's believe that a terminal disclaimer should have been filed in the prior application rather than combining the specific limitations into the broad claims, and thus recapture does not apply.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
